

Adam Cox

Senior Solar Design
Consultant

INDUSTRY EXPERIENCE

Adam Cox started his solar career with Sunergy Systems as a Solar Installer Intern in 2011. He quickly transitioned to a Solar Design Consultant in 2012. Adam is now one of the most experienced Senior Solar Design Consultants in Washington State. He is a graduate from Solar Energy International and has a BS in Environmental Resource Management from Texas State University.

CAREER HIGHLIGHTS

Adam loves educating homeowners on the benefits of solar while designing customized solar and energy storage systems for their homes. His depth of knowledge, experience, and commitment to solar has guided over 450 happy households around the Puget Sound to achieve energy independence!
