BELLINGHAM, USA

# YOUR NORTH AMERICAN PV MODULE MANUFACTURER

Silfab Solar is a market leader in the development, manufacturing and distribution of premium quality PV modules and innovative PV solutions. A North American company, Silfab operates multiple ISO 9001 – 2015 quality certified production lines at facilities located in Bellingham, Washington, USA and Toronto, Canada.

Silfab PV modules are specially designed, engineered and manufactured for the North American market. The US State Department, US Military and FAA have all certified Silfab PV modules for their solar installations.

## SILFAB SOLAR DELIVERS

### ENHANCED WARRANTY

Industry leading, 25-year product workmanship\* and 30-year performance warranties.

### SUPERIOR QUALITY

Selecting premium quality materials combined with total automation at our ISO certified manufacturing facilities ensure strict quality control during each step of the process. Silfab is a 2020 PVEL/DNL Top Performer offering Tier 1 quality you can trust.

### GLOBAL EXPERIENCE

Silfab is a leader in the PV industry with over 35+ years of history in solar. Our founders have extensive international experience, knowledge and partnerships which offer a key advantage for our North American team in terms of product innovation and leading-edge PV manufacturing technologies.

### R&D AND INNOVATION

Silfab is dedicated to progressive innovation in a broad range of PV products. Silfab has advanced knowledge in bifacial, embedded electronics and next generation MWT and IBC technology to ensure our customers have the state-of-the-art solutions and power efficiency they need to be competitive.

### OPERATIONS

Our 500+ member team is ready to help our partners win the hearts and minds of customers, providing service and product delivery that is direct, efficient and local.

### BANKABILITY

Silfab's manufacturing experience and reliability is validated through 3rd party engineering audits and inspections that have attracted multiple OEM relationships and international partnerships. Silfab's continuous expansion, recognized product quality and profitability has established Silfab as a top tier supplier for banks, utilities and investment companies.
